

The ESP Program commenced in 2009 at Geelong High having the primary focus of enhancing students potential through adventure and health promotion.

ESP is a structured program running over 8 weeks operating from various locations from Geelong to the Surf Coast.

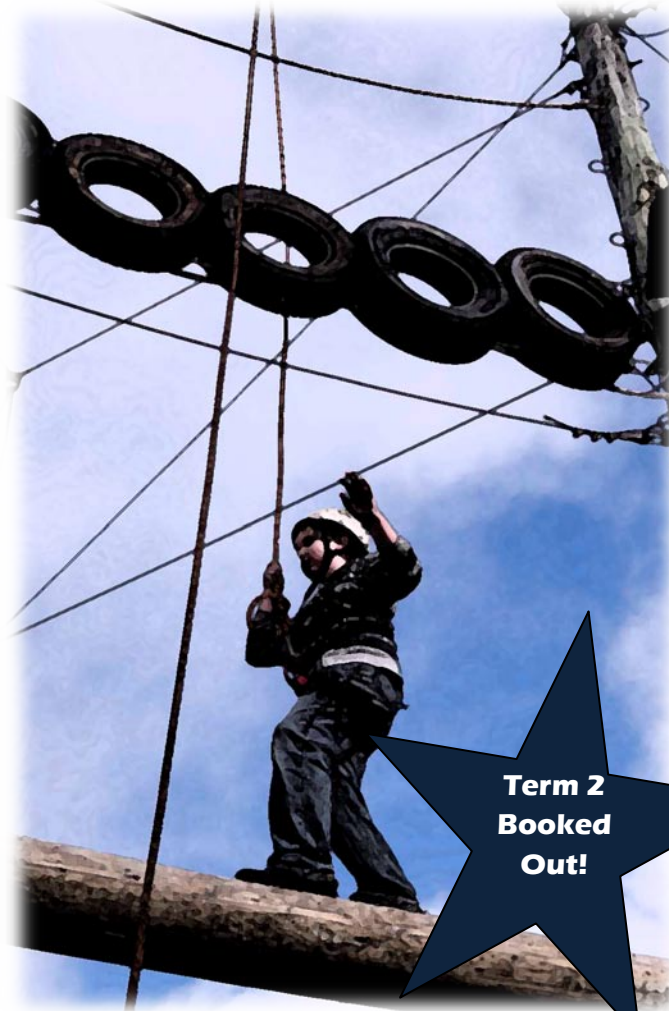

ESP improves student retention & participation - focusing on students at risk and students during transition from primary into secondary school.

Groundswell & Boiled Frog draws from 20 years service delivery experience in adventure and student welfare programs in NGO's, schools, businesses, and the wider community.

We are registered and fully insured Australian Businesses.
